

The latest new development from iMD Health...

iMD Adds Drawing Tools to Platform

What's New?

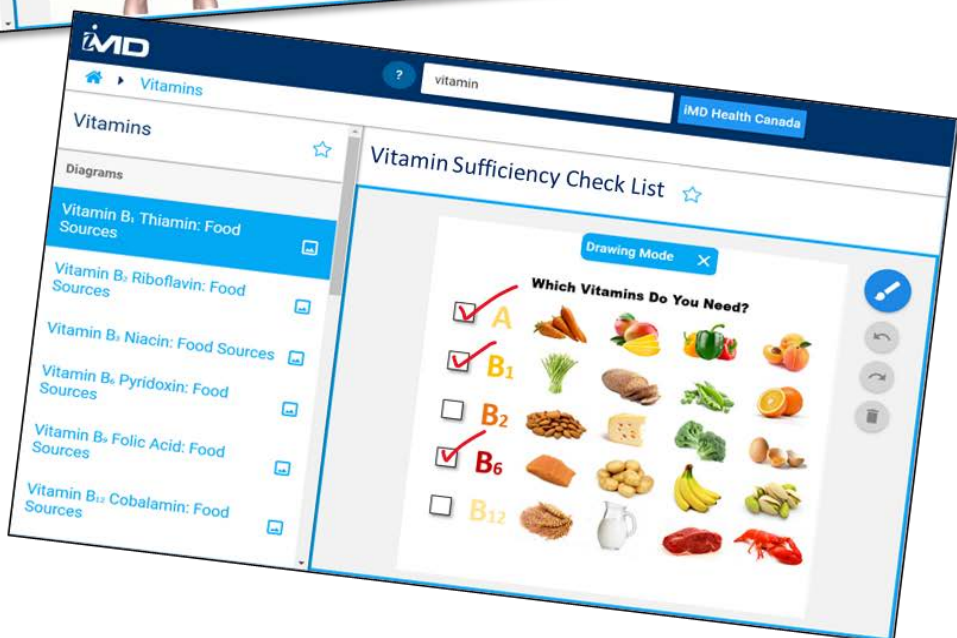

iMD Health's new Drawing Tools make it even easier for you to educate your patients about their health conditions. All of iMD's 1000+ high-quality medical images can now be annotated in real time. Use your mouse to draw, mark up and annotate images during your Patient Education Sessions.

View an image and try out this new feature here: <https://bit.ly/2Ljcwqa>

Click here to draw on any image!

Send home to patients!

Engaging, Effective Patient Education

See for yourself at app.imdhealth.com

Educating your Patients is vital to positive outcomes! iMD makes it easy.
