

Educate a Patient in 60 seconds!

Step 1: Visit the Site

From your browser, access:
app.imdhealth.com

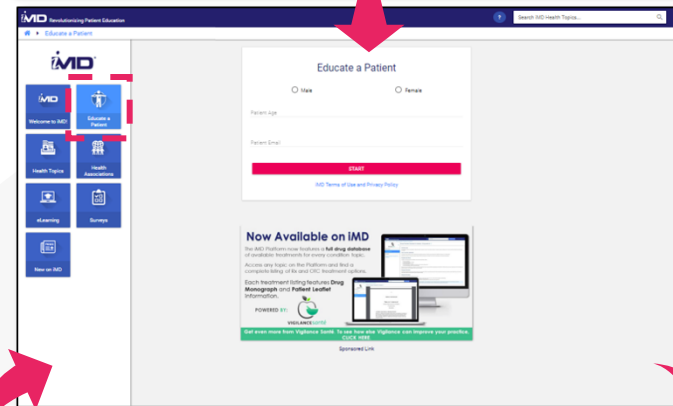

Step 2: Sign In to Your Account

Account Email

Password

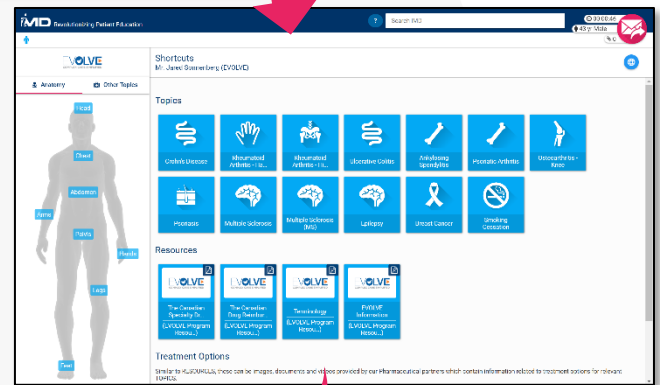

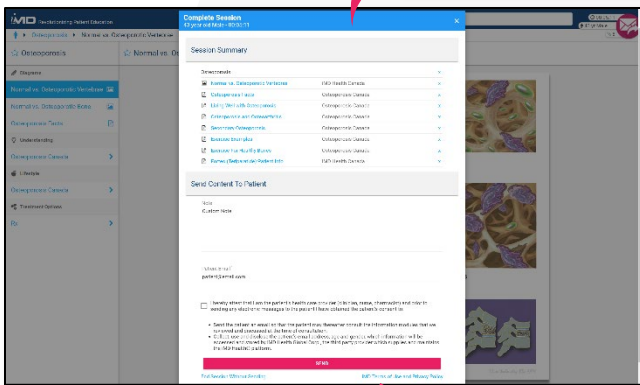

Step 3: Click the Educate a Patient Tile

Enter your Patient's Gender, Age, and Email (optional).

Step 4: Find a Topic to Discuss

Navigate using the Search Bar or set your own custom Shortcuts for quick access.

Step 6: Summarize & Send to Patient

Clicking the End Session icon will summarize everything discussed, which can then be emailed to your patient.

Step 5: Review Content with Patient

iMD has thousands of condition-specific images, documents, videos, and web links!

Setting up the iMD Health Platform. A Checklist.

- Bookmark / Favourite app.imdhealth.com on your web browser.**
- Create a Desktop / Start Menu / Dock shortcut.** This will ensure iMD is always only one click away.
- Have your browser 'Remember' your first login.** We recommend using the Chrome browser, but others have this feature as well. Auto-filling your username, making it even easier to access.
- Create custom shortcuts to common topics.** When educating patients, you can ☆ any topic or resource to make it appear on your Shortcuts page. This makes getting to frequently-used information even faster.
- Print this document and post it close by, record the Sign In information so you don't forget it!** Also, consider giving copies to any team members using the same account so they can always re-familiarize themselves with the typical patient education flow.

Supercharging your iMD Experience: Contact support@imdhealth.com to...

- Host your own content.** The iMD Platform can be customized to the needs of your team and clinic.
 - Do you offer additional services that you would like to make patients aware of?
 - Would you like to provide patients with useful info such as clinic hours, contact numbers, etc.?
 - Do you have your own patient education resources that you frequently use?iMD can make all this available on the platform to showcase and/or email home to every patient you see!
- Invite your team to join.** To truly get the most out of the iMD Health Platform, the whole team should be on board with their own accounts (all linked to your clinic).
